

‘VR Travel’ provides travel planning support to our Associates in a variety of ways. With its help, DUNDEX can assist whenever

- ✧ you need an air ticket cost estimate for a bid or for a financial proposal that must accompany a job application [VR Travel will give you 3 alternative itineraries and a cost estimate for each]
- ✧ you need to travel at very short notice, but don’t relish the idea of having to wait (often weeks) to recoup the funds that you mobilized for that purpose [DUNDEX will pre-pay and do the waiting]
- ✧ you need a guaranteed seat on one or more flights, but are unable to confirm and buy the ticket, because you are waiting for your contract to be signed and/or your visa to be issued [VR Travel can do what no airline website can : pre-book & hold your seat for 24-48 hours **without** purchase]
- ✧ you need to deviate from the UN-mandated ‘most economical & most direct’ travel route and therefore prefer a ‘do-it-yourself’ solution – with your UN travel entitlement being refunded later
- ✧ you need travel planning assistance urgently at odd hours : VR Travel is open for business for us around the clock due to its ‘week-end hotline’ and its offices in Australia, Denmark and Canada :
